WELCOME NOTE

Dear Parents and Guardians,

Welcome to our Home Education Programme booklet. I am delighted to share this resource with you and your family as you continue your educational journey. At TuitionSpace we are committed to supporting parents and pupils with high quality guidance, resources and practical strategies that make learning both effective and enjoyable.

This booklet has been designed to provide you with clear information on how we can best support and meet your child's individual needs. Whether you are new to home education or have been on this path for some time, I hope you find it both useful and reassuring.

Our aim is to ensure that every child has the opportunity to reach their full potential in a supportive and engaging environment. Please take your time exploring the sections, and remember that you are not alone in this – we are here to help every step of the way!

Kirsty Graham

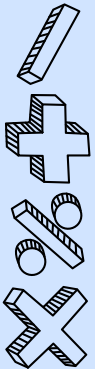

Proprietor of TuitionSpace
PhD, MEd, PGCE, BA (Hons), AFHEA

HOME EDUCATION

Home education, also known as elective home education (EHE), has seen strong growth across the UK. In England, over 111,000 children were registered in autumn 2024, a 21% rise from the previous year (Department for Education, 2024). In Northern Ireland, numbers increased from 2,400 in 2020 to around 3,100 in 2024 (Department of Education Northern Ireland, 2024). Families choose this path for many reasons, including mental health, unmet special educational needs, dissatisfaction with school, lifestyle choices, and the flexibility to create a more personalised education.

How We Can Help

At TuitionSpace we understand that home education can feel overwhelming at times and we are here to support you on the journey. Our team of qualified teachers provide expert tuition, tailored resources and practical strategies for all subjects in Foundation Stage through to Key Stage 4. We also offer guidance for parents, ensuring you have the tools and confidence needed to create a positive and effective learning experience at home.

INITIAL ASSESSMENT AND CONSULTATION

At TuitionSpace, we believe every child deserves support that is truly tailored to their needs. To make this possible, we begin with a free consultation and assessment. This initial step ensures we understand your child's learning style, strengths, and areas for development so we can create a personalised plan from the very beginning.

What to Expect

- A Warm Welcome – We meet your child in a relaxed, friendly way to help them feel comfortable and confident.
- An Initial Assessment – Through age-appropriate, low-pressure activities, we identify your child's current ability
- A Parent Conversation – We talk through your questions, goals, and any concerns.

A Supportive Start

We have extensive experience supporting children of all abilities, including those with additional needs. Our priority is to ensure your child feels encouraged, valued and ready to learn.

THINGS TO CONSIDER

GUIDANCE AND SUPPORT

Do you prefer professional tutoring or step-by-step guidance for teaching yourself

EVIDENCE FOR THE EDUCATION AUTHORITY

How you will keep organised records of learning?

PARENTAL AVAILABILITY

How much time you can give to teaching at home

LEARNING

Whether your child benefits most from direct teaching or independent work with resources

RESOURCES

Whether you want ready-made lesson plans and activities or additional tailored support

BUDGET

What is affordable on a regular basis

OPTION 1: TUTORING & HOME RESOURCES

Our Option 1 package combines weekly tutoring with high quality home resources, offering families a structured and supportive approach to home education. This option is designed to make learning effective, enjoyable and straightforward, while also providing clear evidence of progress for the Education Authority.

Benefits of Choosing This Option

- High quality teaching from experienced, qualified tutors
- Curriculum-aligned lesson plans to ensure children stay on track
- Clear structure and consistency for both pupils and parents
- Resources and support tailored to your child's needs
- Organised files provide reassurance and meet Education Authority requirements
- Builds confidence for both parents and pupils in the home education journey

What's Included

- 1 hour of tutoring each week with a qualified teacher (£30)
- Access to home resources (£15 per subject per week)
- Lesson plans that follow the curriculum
- Ongoing guidance and support for parents
- A complete file containing plans, work and resources – making it easy to demonstrate evidence of learning to the Education Authority

OPTION 2: HOME RESOURCES

Our Option 2 plan provides families with high quality home resources, giving you everything you need to deliver structured and engaging lessons with confidence. This option is ideal for parents who want to take the lead in teaching, while still having access to carefully planned materials that support effective learning.

What's Included

- Comprehensive lesson planners and step-by-step guides
- Engaging activities and worksheets aligned to the curriculum
- Practical tools to help structure daily learning at home
- Resources organised in a clear file to support evidence of learning for the Education Authority

Benefits of Choosing This Option

- Easy-to-follow plans give parents confidence to teach at home
- Activities designed to make learning interactive and enjoyable
- Curriculum-linked resources ensure your child stays on track
- Organised materials provide reassurance when presenting evidence to the Education Authority

OPTION 3: HOME EDUCATION APP

We are excited to announce that our brand-new Home Education App will be launching in 2026. Designed to make learning even more accessible and organised, the app will bring all of your resources and support together in one easy-to-use platform. Our app will make home education simpler, smarter and more flexible for families.

Special Features Will Include:

- Instant access to lesson plans and activities
- Digital planners to track progress and organise learning
- A secure space to store work and evidence for the Education Authority
- Interactive tools and resources to make learning engaging
- Guidance and tips from qualified teachers at your fingertips

FAQ

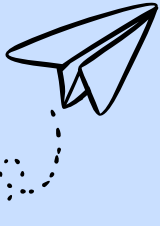

Do you follow the Curriculum?

Yes. Our resources and tutoring are aligned with the NI Curriculum, ensuring pupils develop the key skills and knowledge required for each stage.

How does the assessment work?

Each learner completes an assessment that identifies strengths, areas for improvement, and preferred learning styles. This helps us tailor their learning plan effectively.

What support is available for children with additional needs?

We are SEN-friendly and adapt all lessons and resources to ensure accessibility and success for every learner, regardless of ability or background.

What ages do you support?

We offer tailored learning for Key Stage 1-4, helping pupils from early primary right through to GCSE level.
